

Cookie Policy

Our websites use cookies to distinguish you from other users of our website.

A cookie is a small piece of data containing a unique reference which is written to any web-enabled user device (e.g. a computer). Cookies are not viruses - they are plain text items and are not compiled code - so they cannot be executed on, or affect the operation of, the web-enabled device. For more information on cookies go to www.allaboutcookies.org. Boehringer Ingelheim Animal Health UK Limited only uses cookies to provide and enhance our services to users.

Any computer, laptop, PDA, mobile, smart phone, tablet and/or other device running a web browser capable of connecting you to the website may be a web-enabled device.

How does Boehringer Ingelheim Animal Health UK Limited use cookies?

Boehringer only uses cookies to provide websites to you, and where we have received explicit permission from the user. We do not allow the transfer of cookies to third parties nor do we allow third parties to access or read information in our cookies.

Our policy is to be open and honest with you about our use of cookies. Boehringer Ingelheim Animal Health UK Limited will never use cookies to serve ads or to store information about your website browsing history.

What types of cookies do we use?

'Analytical/performance cookies'. They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

Security

To ensure our cookies can only be used by Boehringer Ingelheim Animal Health UK Limited we either encrypt the entire cookie or the values inside of it. Only Boehringer Ingelheim Animal Health UK Limited is able to decrypt the cookie and read the data which is stored in it. We never store your personal data inside our cookies.

Third Parties

Boehringer Ingelheim Animal Health UK Limited may embed video or other content into the website, and when you visit a web page with embedded content you may be presented with cookies from that content. Boehringer Ingelheim Animal Health UK Limited does not control these cookies and we recommend that you check the third party's own website for information about them.

Video embedded into the website will not play automatically. By clicking on the play button for any embedded video you consent to a flash cookie (if applicable) being stored on your device.
